Aims of Spiritual, Moral, social and Cultural Development at St Alban's Catholic Primary School

St Alban's is a smaller than average Voluntary Aided Catholic Primary school taking children from FS2 to Y6 with currently 175 on roll. The school serves the local parishes of St Alban's Catholic Church of Denaby and Conisbrough and English Martyrs, Mexborough all of which are in the town of Doncaster. The school is in the highest 20% of socio-economically deprived catchments in the country and currently 4th most deprived in Doncaster with 34.29% FSM, higher than average proportion of children with SEN at 27.43%, most of whom have speech, language and communication and/or social, emotional and

mental health needs. Most children are of White British heritage (%) with a significantly lower than average proportion of children with EAL at 4.75% (all of whom are White Eastern European). St Alban's has lower than national levels of stability with the latest figures at 70% although since January 2021 there has been a 10% increase in number on roll therefore there are increasing mobility factors. There have been increases in attendance with the current attendance at 97.48% although persistent attendance is in the highest 20% nationally for children with FSM and in the lowest 20% nationally for children with SEN. Behaviour in school is good and there have been no permanent or fixed term exclusions in recent academic years. The Section 48 inspection graded the school good. Stable and permanent staffing is now secure with all teachers permanent members of staff and the vast majority of support staff also permanent. A successful succession plan has been in place over the last two years with the Head teacher and Deputy Head Teacher commencing their designate posts in January 2021 after an 18 month period of a co-leadership model with the now retired previous Head teacher. The school is on a rapid journey of school improvement to secure a good Ofsted judgement at the next imminent inspection. Doncaster LA, in conjunction with the Diocese of Hallam and the school leadership team and Governing Body, have risk assessed the school and designated it as a self-improving school with the capacity to achieve a good judgement at the next Ofsted inspection. St Alban's works in successful partnership with the parish, Doncaster LA and the Diocesan family of schools, including those across South Yorkshire and Nottinghamshire within the Hallam Diocese.

The spiritual, moral, social and cultural (SMSC) development of our pupils is paramount. It encompasses every aspect of school life and is a daily occurrence. Our collective worship, assemblies and individual class worship, promote SMSC for each child.

The class teacher is a vital resource, who encourages positive attitudes in the classroom and is seen as the main role model concerning moral development. A teacher ensures that each child has an enriching and secure environment, where they feel safe to ask questions concerning their own search for spirituality.

At St. Albans, we recognise that our children's spiritual, moral, social and cultural development is central to everything that we are.
